BEST PRACTICE GUIDELINES

WHAT RECOMMENDATIONS FOR WHICH PRACTICES ?

Please note this date in your diary and send us before **30 June 2012** your proposals for research presentations or activities in the form of:

An Oral Communication

Proposals for oral communications should fall within the general theme of the meeting « Best Practice Guidelines » in the health area are defined as methodologically well developed proposals to assist the practitioner and the patient to seek out the most appropriate care options for the actual clinical circumstances.

Oral communications should touch on one or more of the following questions: Why have Best Practice Guidelines? Should there be Best Practice Guidelines for everything ? How should Best Practice Guidelines be formed ? How to identify high quality Best Practice Guidelines? Who can create Best Practice Guidelines? Best Practice Guidelines for what uses and for which users (professionals, patients, institutions, third party payers, decision makers)? How to publicise Best Practice Guidelines? What is the impact of Best Practice Guidelines? Examples of Best Practice Guidelines and their implementation.
